I understand that many of these animals are rescue animals and their medical history is unknown. These animals are NOT tested for disease. The animal breed is not definite, and not guaranteed in any way. _____(initial)

Furthermore, I agree that if this animal is not what I'm looking for, or I can no longer have an animal where I reside, I will contact BMHA for re-adoption. Unfortunately, no refunds will be provided outside of the 7 day trial period since fees are used for spay/neuter costs. _____(initial)

If the animal is not yet spayed or neutered, I agree to make arrangements with BMHA or my Veterinarian to have the procedure done prior to the age of 5 months after adoption. I realize that if this animal is not altered as directed, I may be forced to relinquish ownership and return the animal to BMHA. I agree to a pre-or post- adoption home inspection by a BMHA representative, if requested. _____(initial)

This application is confidential. I agree to authorize the release/disclosure of records and/or information concerning the above provided information. _____(initial)

Release of Liability: I fully understand that adoption of these animals carries a risk of injury—including being bitten or scratched. My signature below attests to my intent to hold harmless and release from all liability BMHA and its agents and assignees from all acts which are related to normal risk associated with the adoption of an animal including illness this animal may incur or currently have.
